To: Gustavo Villarrubia <gwillarrubia@gmail.com>

We are in the process of delivering contraband detection equipment to Customs in Uruguay and will be training in Montevideo in a couple of weeks. The basic price for the Buster is \$ 9000.00 each ex works

We also supply fiberscopes of all types.
Regards
Ted Sas

Our web site has information that may interest you:

- * Our one piece lightweight LED fiberscope compared to a standard fiberscope weighs only 1.4 lbs against 7.5 lbs - field repairable in case of damage to the articulating wire(s) with supplied repair kit - our competitors charge up to \$4000 for such repair.
- * Updated information on our Kingsville Tire Inspection fiberscope no need to let the air out when inspecting vehicle tires.
- * Tigereye Wireless monitor & recorder (still & video) 30ft range - for use with all our Fiberscopes
- * Visit our videos page for brief equipment presentations
- * See what users say about our equipment on the Testimonials page.
- * Custom made Fiberscopes & Videoscopes to suit your operational requirements

Information on any of our products will be sent to you upon request.
